

Free Chee Week 11 Power Rankings 2025

Gentlemen, the committee would like to apologize for a lackluster rankings this week. Given the woke left's victories across the country on Tuesday, several committee members were too devastated to perform an in-depth analysis. Additionally, I've been banished to Las Vegas to eat mud until Friday. We'll stick to the key highlights. Regularly scheduled programming will resume in force for week 12.

1. Scampi

Just the biggest truck known to man. And now he's got Marcus "Dupree" Mariota as his QB2 for the rest of the season? The rest of the league is cooked.

2. Art of the Deal

Tough Loss. Still a very good team. JJ McCarthy looked promising.

3. Cookie Monster Golf Cart

Can't seem to catch a break. Drops 144 and loses to a team of retards. We're still believers.

4. Work Ass

Injuries are cooking him and he probably won't make playoffs but the QB and receiver play is too fire to drop him.

5. Ginny Sack

Dual breakout games from Drake London and Brock Bowers. It's almost like Big Gin finally got that mole removed from its ass.

6. Stewed C

Stewed is cooked for playoffs but MVP Stafford and the Kyle "Busch" Monangai breakout make this team terrifying going forward.

7. Pigs on the 7th Rank

H-Dubz with a monster game must've had Pigs HQ at Bfield celebrating like Patrick Beverley.

8. Sweeney Deez and Zaukas

Still the best Big Three much to the chagrin of North Willow and Monroe.

9. Jackson Brownes

If Bucky returns healthy like the horse we know he is, this ranking will go up but for now the committee punishes his general piggishness.

10. Sweeney.

Credits in the chat. Tee “Chone Figgins” Higgins led the charge for a shootout win. He might be not bad going forward.

11. Life with Derrick

Derrick is starting to look like the juggernaut he was last year, but it’s too little too late.

12. Team Obama Sopranos

Lamar is back which is scary but the rest of this team looks like BG, Onion, Black Kid and Juan Pedro Franco.

13. Team Daniel

Team Daniel was looking so promising and then Jayden Daniels elbow snapped like a twig.

14. Ger

At least Rashee Rice looks like a stud, right?

15. Gorlock the D

Committee is buying Emari Demercado stock down the stretch. We expect it go absolutely parabolic like Palantir soon.

16. Senior Bag Master

Albania hour.
